Project Summary: The overall Pacific Surfliner TCRP program in San Diego includes several double track projects to provide improved reliability and on-time performance of the Pacific Surfliner intercity rail line in San Diego County, and includes the construction of a new maintenance facility so overnight and turnaround maintenance does not have to be performed at the downtown Santa Fe Depot. The project will also include preliminary activities for a grade separation and pedestrian over/under crossings. The Pacific Surfliner Corridor currently provides 11 round trips between San Diego and Los Angeles. For purposes of implementation, the project has been split into individual sub-projects. They are:

- Sub-Project #74.1 - Oceanside Double Track Project (\$6,000,000 TCRP);
- Sub-Project #74.2 - PEIR/EIS (\$2,498,000 TCRP);
- Sub-Project #74.3 - Maintenance yard and improvements (\$22,000,000 TCRP, \$10,000,000 STIP, \$1,000,000 Amtrak, Total Cost = \$33,000,000);
- Sub-Project #74.4 -Track and signal improvements at Fallbrook Junction (\$450,000 TCRP, \$1,300,000 STIP, \$150,000 Amtrak, Total Cost = \$1,900,000);
- Sub-Project #74.5 – Encinitas Passing Track (\$3,288,000 TCRP, \$3,000,000 P116, \$15,000 Local, Total Cost = \$6,303,000);
- **Sub-Project #74.6 – Leucadia Boulevard Grade Separation** (\$200,000 TCRP);
- Sub-Project #74.7 – Encinitas Grade-Separated Pedestrian Crossing(s) (\$1,248,000 TCRP).

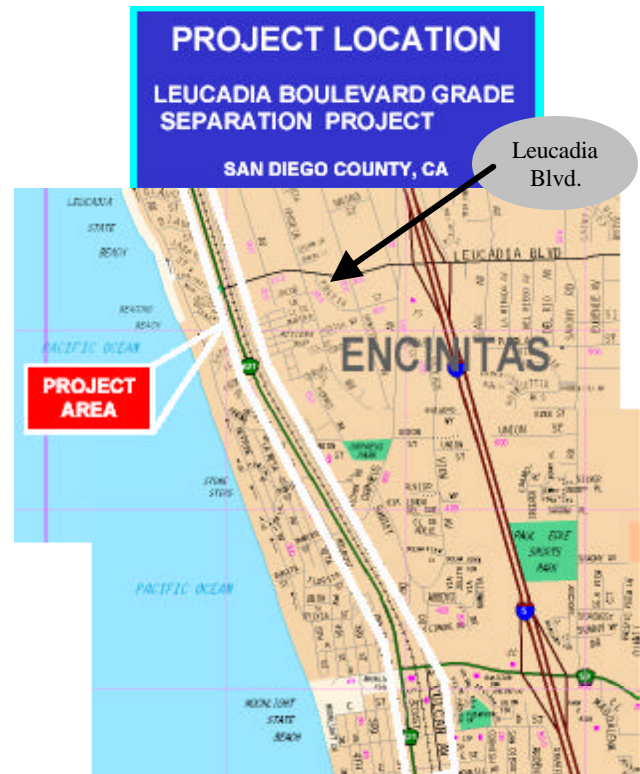

Note: \$11,316,000 for miscellaneous improvements remains to be programmed. The miscellaneous improvements will be defined by individual applications as fully funded projects meeting all conditions are identified. Each additional improvement project must have independent utility and be environmentally cleared.

Sub-Project #74.6 will provide funds for a Project Study Report (PSR) for a future grade-separation at the existing Leucadia Boulevard at-grade crossing in Encinitas. The future grade-separation would be constructed in a manner that would accommodate the future double tracking of the rail corridor.

Summary of Action: This application programs Phase 1 – Study to complete a Project Study Report.
